STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Woodstock, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Woodstock on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will authorize the Selectmen to hire such sums of money as may be necessary to defray expenses in anticipation of taxes.

4. To see what discount will be allowed on taxes paid on or before the first day of September and if the sum of twenty cents shall be added to each poll tax not paid on or before September 15th.

5. To see if the Town will vote to accept the budget as posted.

6. To see if the Town will vote to allow the Selectmen to sell property taken on tax title.

7. To see if the Town will vote to accept sums of money received from persons for perpetual care of cemetery lots.

8. To see what sum of money the Town will vote to raise for the Athletic Building.

9. To see if the Town will vote to relay the water line to the land of Walter H. Hair.

10. To transact any other business that may legally come before this meeting.

HARRY D. SAWYER,
WESLEY G. FOWLER
SHERWOOD M. AVERY,
Selectmen of Woodstock.

Paid outside Players	533.00	
		584.05

Cash on hand, Jan. 1, 1948 \$ 17.53

SHERWIN J. KENDALL,

Treas. and Business Mgr.

It would seem to me that since we have lost several of our local men, that if we were to continue our Band Concerts for the 1948 season, it would be necessary to raise more funds from some source. Perhaps it might be in order to ask for \$250.00 from each of the two towns, namely Lincoln and Woodstock, the balance to be raised by collection.

PUBLIC HEALTH NURSE'S REPORT

Dec. 31, 1946—Dec 31, 1947

School Report

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Woodstock qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the 9th day of March, 1947, at 11:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to raise and appropriate the sum of \$1,260.00 for the purpose of insulating the High School Building.
9. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.

10. To transact any other business that may legally come before this meeting.

E. PHILIP LOWDEN,

EMILY B. AVERY

IDA T. SAWYER,

School Board of Woodstock.

A true copy of Warrant—Attest:

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Woodstock School Board:

My fifth annual report here presented contains the usual statistical tables and discussions of school administration that directly concern you and should be of interest to all people of Woodstock.

When the school calendar for the ensuing year is published among other statistics many people fail to find it and are uncertain about dates of opening and closing of school and days when no school sessions are expected. To remove that difficulty the 1948-1949 calendar is presented with explanations at the beginning of this report.

A recent ruling from the office of the Commissioner of Education makes a school year of at least 180 days mandatory. That requirement necessitates a year of 38 weeks without much flexibility if schools are to close near the middle of June. The calendar follows:

Term Begins	Term Ends	No. of Weeks	No. School Days	Expected Days of No School
September 7, 1948	December 23, 1948	16	72	8
January 3, 1949	February 18, 1949	7	35	0
February 28, 1949	April 22, 1949	8	40	0
May 2, 1949	June 17, 1949	7	34	1
		38	181	9

The nine days of expected no school are: Labor Day, Fair Day, State Convention (2), Armistice Day, Thanksgiving with the following Friday, December 24, May 30.

Time lost on account of illness or bad weather should be made up in Saturday sessions immediately following the lost sessions.

From time to time, questions are asked about our testing program and the uses we make of the information obtained from those tests. An annual test of mental ability is given in grades one and four. A different test is used for each grade. Achievement tests are given at approximately the middle of each year. The results of the mental tests are not used definitely to label a child as slow, bright or superior. They are used as a general guide for teachers who try to meet individual needs of children and they also enable us to determine whether a given child is working up to the limit of his indicated capacity. The results of achievement tests enable us to determine what parts of a pupil's work need more attention and at what points we can give the most help. The tests used are sufficiently well standardized to give a very accurate picture of accomplishment at any period during the school year. A second achievement test is given later in the year to those pupils who showed marked deficiencies on the first one for the purpose of determining how much improvement has been made and how effective have been the measures we adopted for help. The results of achievement tests and the actual daily work done by pupils are the two determining factors in decisions about promotions. My experience has shown me that promotion for those pupils about whose future success there may be a reasonable doubt is not a kindness or a help to them. In every case the Supt. and the teacher make every effort to reach a decision which will be for the ultimate good of the pupil.

Woodstock teachers in conjunction with elementary teachers in all other towns in this Union, with the exception of Plymouth, are at work on the development of a program of Conservation teaching. The par-

ticular phase of conservation we are considering is that of Conservation of Forest Products. In this undertaking we have an opportunity to do some valuable pioneer work which ought to benefit the State as a whole and particularly our children in this town.

Woodstock voters seemed to indicate clearly that they want to maintain their high school even though the district meeting reached two contradictory conclusions. However, even though authorization was first given the School Board to take statutory steps to discontinue the high school, the final provision of funds over and above those requested to improve and expand high school services left little room for doubt as to public preference. Acting on that interpretation, the high school program was extensively revised and a corps of competent teachers were placed under contract for the present year.

We believe that Woodstock pupils are receiving every advantage that is reasonable to expect in a small high school. The program is not as flexible as could be offered in large schools but it is designed to give training that will qualify graduates to assume a worthy place either in higher institutions of learning or in adult life. The per capita cost is and always will be rather high as compared with state-wide experience. It cannot be otherwise since many of our fixed and necessary charges would remain practically unchanged, if we had double our present high school membership.

Extensive changes in our teaching staff at the beginning of the year might well have created very difficult situations which fortunately were almost entirely lacking. The efficient operation of our high school is a tribute to the zeal and ability of those who were employed as instructors. A turn-over of fifty per cent in business personnel in a single year would be extremely hazardous. Our high school turn-over was one hundred per cent while that in the school department as a whole was five out of eight.

At the time this report is written the approximate amount of State Aid that may be expected in December, 1948, has not been announced but it seems reasonable to assume that it will be very near the amount

which was received in 1947. The primary purpose of increased State Aid is not tax reduction but an expansion and improvement of educational opportunity within the district which received that aid. The use of 1947 State Aid money in accordance with the true purpose for which it is granted, steady improvement in our schools can be realized without undue financial burden to the town.

Trying situations in our schools have arisen during the past year. Throughout those experiences the co-operation of the Woodstock school board and their sincere and conscientious efforts to give their children the best possible advantages have been deeply appreciated.

Respectfully submitted,

ARTHUR S. ROLLINS,

Superintendent of Schools
